South Dakota 605 Day

We all know the '605' is a great place to live. South Dakota is one of the 12 unique states in America that has only one area code. Over the years, the popularity of using 605 in advertising and casual lingo has grown and become a part of our state culture. This year, the Department of Tourism is celebrating **605 Day** on Sunday, June 5, 2016 (6/05), and would love for you to celebrate with us. Three different snapchat filters have been created to help celebrate **605 Day**. We also encourage you to tag your social media posts on June 5 with **#605Day**.
